ART. 1 – ORGANIZATION

Atletica Zoldo ASD - located at Via Roma 26 - Val di Zoldo - BL, Italy, in collaboration with ValdiZoldo Funivie SpA, Ristoro da Bepi, Ski Civetta, and the Municipality of Val di Zoldo, CAI Val di Zoldo, and CSI (Italian Sports Center), organizes the first edition of the "CIVETTA A TOLECH" (CAT), a nighttime snow race to be held on Saturday, March 14, 2026.

The CAT is an eco-friendly event: only existing facilities will be used and adapted, with no impact on the environment.

ART. 2 - GENERAL INFORMATION

The CAT is a running race in a natural mountain environment. This requires athletes to be Self-reliant between the start and finish, both in terms of nutrition, equipment, and safety. They must also be aware of the possibility of arising adversities during the event, such as adverse weather conditions, injuries, etc.

The race will take place at night on a partially or fully snow-covered terrain along trails and some groomed/ungroomed ski slopes sections in the Val di Zoldo Skiarea.

The route, approximately 4 km long with a 350 m elevation gain, must be completed within 2 hours.

The start is scheduled in Piazza Balestra, Pecol – Val di Zoldo, near the Camping Civetta, at ~~6.30 PM~~ **7.30PM**, with the finish line located at Pian del Crép (1,765 m). The route will be marked with appropriate signs all along the way.

Athletes can sign up choosing two separate race formats:

- **competitive race**
 - it requires to provide a medical certificate for sports issued by a licenced pyhsician
 - racers will be time-recorded and ranked in a chronometric-ordered list
 - the fastest 5 men and women will be awarded

- **non-competitive race**
 - no medical certificate required
 - non-competitive racers will be time-recorded and be listed in an alphabetically-ordered separate list showing the finish time
 - non- competitive racers will not be involved in the award ceremony

Besides the aforementioned differences, both formats are subjected to the same regulations (including the route, distance, elevation gain, registration fee etc.) and all racers will run together from start to finish. All racers will receive bibs, a race-pack, refreshment drinks and food after the finish line, an after-race pasta party free allowance (SEE ART.4 BELOW)

The descent back to the start will take place exclusively by cable car; the cost of the ticket is included in the registration fee. Under no circumstances will it be allowed to get back to the start on foot along the ski slopes; such behavior will result in the disqualification from the race and sanctions will be issued according to the law.

ART. 3 - PARTICIPATION

The race is open to all persons, men and women, born in 2010 or earlier. For reasons of order and safety, running with dogs is not permitted.

Participation requires mountain experience, excellent physical and mental training, and a genuine ability to manage the challenges inherent in this type of event. It is prohibited to be accompanied along the route by anyone who is not a registered racer.

It is mandatory to wear clothing suitable to the temperature conditions, which can vary from +10°C to - 20°C, and to have the equipment specified in Article 5 of these Regulations.

Athletes in possession of a valid SPORTS MEDICAL CERTIFICATE FOR COMPETITIVE ACTIVITY, recognized by their country of residence, regardless of their membership in a sports club or federation, and valid at least until the end of the race, may register for the competitive race. Such medical certificate must be issued within a year from the day of the race.

Registration for the non-competitive race implies a tacit self-certification of physical fitness to engage in non-competitive sport activity and exempts the organizers from requiring a medical certificate.

Registration is possible until March 13th for a €25 fee at the Pecol Tourist Office, or [ONLINE HERE](#)
